Colon Clear

Colon Clear is designed to help maintain normal bowel function in individuals with occasional bloating, pressure, and constipation. This formula contains an herbal blend which supports*

- Healthy elimination
- Normal digestive function
- Healthy microbial balance

A healthy colon is able to eliminate waste completely and regularly and is rich in beneficial microbes that allow for nutrient assimilation, proper immunity, and natural microbial balance. Colon Clear supports normal digestive function with the help of herbs such as Cascara sagrada, Aloe leaf, and Black Walnut hulls which support normal eliminative function, intestinal contractions, and microbial balance, along with Slippery Elm bark for mucosal membrane support. Formulated for individuals in need of occasional digestive support, Colon Clear helps to maintain the body's primary pathways of elimination.

Colon Clear is often used to complement clinical strategies designed to support normal digestive function.

Ingredients and Supplement Facts

Cascara Sagrada Bark – This stimulating herb supports normal frequency of bowel movements, normal microbe balance, natural immunity, normal liver function, normal modulation of cell proliferation, and supports the natural secretion and motility of the digestive tract.

Chinese Rhubarb Root – This astringent herb supports normal GI function and acts as a digestive tonic.

Sage Leaf – Sage, a savory herb, helps to maintain proper microbial balance, supports healthy immune system function and normal mucosal membrane health.

Cape Aloe Leaf – This soothing plant supports normal bowel movements, gastrointestinal tract functions, healthy mucosal membranes, bile secretion, and liver and gallbladder maintenance.
