

# Lytic Vascular Px

**Lytic Vascular Px** promotes cardiovascular health, inhibits oxidative stress, and supports a healthy inflammatory response. Lytic Vascular Px provides a blend of synergistic cardiovascular antioxidant cofactors supporting many pathways of cardiovascular health. Endothelial dysfunction is targeted by activating the endothelial nitric oxide synthase pathway, supporting free radical scavenger activity to guard against vascular processes and oxidative damage. Lytic Vascular Px was created using novel extraction methods to maximize the quality and bioavailability of the active plant compounds.

## Formulation Features

- 650 mg of Organic Pomegranate fruit powder extract (30% punicalagins)
- 270 mg of Vitamin E
- 200 mg of Nattokinase, from soy natto extract, providing 2,000 fibrinolytic units to help with healthy blood flow
- 70 mg of Vinca minor, certified organic, with added Vinpocetine 30 mg to help with healthy blood flow
- 50 mg of Olive fruit extract, 20% hydroxytyrosol

## Supplement Facts

Serving Size: 2 capsules

Servings Per Container: 30

	Amount Per Serving	% Daily Value
Organic Pomegranate fruit powder extract, 30% punicalagins	650 mg	†
Vitamin E (d-Alpha tocopheryl Acetate), 185 IU	270 mg	†
Nattokinase (supplying 4,000 FUΔ)	200 mg	†
Organic Vinca minor, with 30 mg added Vinpocetine	70 mg	†
Olive fruit extract, 20% hydroxytyrosol	50 mg	†

### Minimum Constituent Biomarker Per Dose

Punicalagins	195 mg
Vinpocetine	30 mg
Hydroxytyrosol	10 mg

† Daily Value not established

Organic Herbs are Certified Organic

Other Ingredients: Vegetable Capsule (cellulose)

95% of our herbs and herbal extracts are certified organic.

## Pomegranate fruit powder

**Pomegranate polyphenols** support healthy endothelium cells function in the arteries by increasing the release of oxide (NO), reducing oxidative stress, promoting a healthy inflammatory response, while supporting blood flow and blood pressure health.

Vinca minor's active compound **Vinopectine** is noted for healthy blood flow and the action of regulating vasoconstriction in the peripheral, cardiac, and cerebral blood vessels improving oxygen utilization, reducing oxidative stress, and supporting healthy vascular endothelial cells as well as playing a role in mediating cellular inflammatory response.

**Olive Fruit Extract** provides polyphenols that protect blood lipids from oxidative stress and supports healthy lipid metabolism. Olive fruit extract is rich in the polyphenol Hydroxytyrosol (HT), a powerful antioxidant that supports key aspects of cardiovascular and metabolic health.

**Nattokinase** (from soy natto extract) is a natural enzyme found in soy natto which has favorable cardiovascular effects and the consumption of Natto has been linked to a reduction in CVD mortality. Recent research has demonstrated that NK has potent fibrinolytic activity, antihypertensive, anti-atherosclerotic, and lipid-lowering, antiplatelet, and neuroprotective effects. ## Supplementation

- Two capsules daily or as directed by a healthcare practitioner. Can be taken with or without food.

## Diet & Lifestyle

- Minimize physical and emotional stress
- Eat organic, whole foods as much as possible
- Exercise moderately and consistently
- Avoid known allergens and toxic chemicals
- Sleep 7-8 hours minimum per night
