

Akkermansia 100 & 500 Pro

Akkermansia muciniphila is available in two tailored doses

Maintain *Akkermansia* levels

Akkermansia 100 Pro offers a regular-strength option that's ideal for sensitive patients, designed specifically to help maintain *Akkermansia muciniphila* levels.

Replenish *Akkermansia* levels

For those with greater needs, **Akkermansia 500 Pro** offers maximum-strength live *Akkermansia muciniphila*, optimal for boosting *Akkermansia muciniphila* levels and supporting patients with more advanced indications of intestinal barrier permeability.

Improves
gut health*

Strengthens
gut lining*

Reduces gut
permeability*

*Based on preclinical studies

Supplement Facts

Serving size: 1 capsule
Servings per container: 30

| Amount per capsule | | %DV |
|---|------------------------|-----|
| Akkermansia | 100 million AFU | † |
| <i>(Akkermansia muciniphila WB-STR-001)</i> | | |
| Chicory inulin | 276mg | † |

† Daily Value (DV) not established.

Other ingredients: microcrystalline cellulose, hypromellose (vegetarian capsule), l-leucine, silica

Pendulum Pro: Exclusively for healthcare providers

- Premium desiccant-lined packaging ensuring maximum viability
- Two-year shelf life
- Dosing options for tailored patient protocols
- Not available in retail channels

How does Pendulum Akkermansia Pro work?

- 1 The lining of the intestines is made up of epithelial cells, which are covered in a mucus layer
- 2 The mucus layer is rich in a glycoprotein called mucin which regulates the thickness of the intestine's mucus layer
- 3 *Akkermanisa muciniphila* thrives on mucin—as the strain consumes mucin, the epithelial cells release a metabolite which promotes mucin layer growth
- 4 A fortified mucin layer is what strengthens the gastrointestinal lining

"In my practice as a functional registered dietitian, using the proper tools to assess gut health is essential to help get to the root cause. Having the ability to replace *Akkermansia* and combining it with the right dietary factors has made an incredible difference in my patients' metabolic and gut health."

JANA DAVIS
MS, RDN, CDCES

Novel strains

A Pendulum-exclusive live, patented strain discovered through high resolution DNA sequencing

Targeted function

Reduces gut permeability and strengthens the gut barrier by fortifying the mucin layer

Good to know

- ✓ Adults take 1 capsule of Pendulum Akkermansia 100 Pro or Pendulum Akkermansia 500 Pro daily with food
- ✓ Refrigeration is best though not required
- ✓ A diet rich in soluble fiber and polyphenols is recommended
- ✓ Pendulum products do not contain any of the 9 major allergens nor does the manufacturing process create allergens; therefore, we are confident that our products are allergen free. Products are produced in a facility that manufactures milk, egg, fish, shellfish, tree nuts, peanuts, wheat, sesame, and soybean-containing products

Offer a personalized approach to supplementation

Help your patients find optimal health by harnessing the power of the gut microbiome with Pendulum's clinically-studied strains. Create an account to access education, resources, and special healthcare pricing.
